EXTREME PROTECTION

MAXIMIZE UPTIME

MAKE A QUICK AND RELIABLE REPAIR!

Grote's Multi-Purpose Aluminum Tape is ideal for vehicle and trailer repairs due to its durability, strong adhesive, and resistance to extreme temperatures. It bonds well to various surfaces even in the cold, making it perfect for patching trailer bodies, exhaust systems, and completing other repairs.

SIZE: 6" x 50'
THICKNESS (ALUMINUM): 2 MIL
TOTAL THICKNESS: 3.25 MIL
ADHESION PEEL (PSTC #1): 96 OZ/IN. WIDTH
ADHESION SHEAR (PSTC #7): INDEFINITE @: 2.2PSI
TENSILE (PSTC #31): 27 LBS/IN. WIDTH
LOW TEMP. APPLICATION: -25°F (-32°C)
HIGH TEMP. RESISTANCE: 260°F (127°C)

82-7000

FEATURES & BENEFITS

- Grote's high strength 2 mil aluminum foil tape delivers an optimal bond for reliable repairs
- The tape conforms well to fibrous, metal and irregular surfaces providing an excellent seal, and a strong barrier once installed
- This multi-purpose aluminum tape offers a reliable patching material, with resistance to flames, chemicals, extreme temperatures, humidity, and even UV radiation
- The tape is layered with a special cold-weather acrylic adhesive system which combines superior "quick stick" installs with durable below-freezing performance

PART #	DESCRIPTION
82-7000	MULTI-PURPOSE ALUMINUM TAPE, 6" x 50' ROLL
